

Animal Adoption from Nature Club JSS AHER, Mysuru

Mysuru is famous for many tourist places globally, famous among them being Sri. Chamarajendra Zoological Gardens. The Mysuru Zoo is more than a century old (*Established in the year 1892*) and has international recognition for having more than 151 species of animals.

The main objectives of Mysuru Zoo are to impart conservation education to the public to inspire empathy for wildlife and veterinary aspects of animals. Mysuru Zoo is involved in captive breeding programme for endangered species and other conservation projects.

Maintenance of food, shelter, health, and other facilities for Zoo Animals are maintained by the funds generated from the tourist entrance fee collection and through the animal adoption fund from public share which lesses the burden in maintenance if Zoo.

For its sustainability, JSS AHER felt it necessary to exhibit our social responsibility by adopting one/few animals in zoo depending upon the kind donations of family members of JSS AHER, this being a noble cause.

The staff of JSS AHER Family contributed largely under **Nature Club JSS AHER** banner and adopted the two animals for the period of one year and 10 months.
