

Targeted Completion Support Mechanisms and Success Programs for Economically Disadvantaged Students

JSS Academy of Higher Education & Research (JSS AHER) maintains explicit, measurable graduation/completion targets for students from the **bottom 20% of household incomes**. These targets guide the institution's equity-focused policies and support systems aimed at improving academic completion among socio-economically disadvantaged learners.

Year-on-Year Quantitative Progress (2022–23 to 2024–25)

JSS AHER monitors completion outcomes annually, and the data below demonstrates **substantial year-on-year increases** across major programs.

1. B.Sc Life Sciences

Academic Year	Graduation Rate (Low-Income Students)
2022–23	89.50%
2023–24	92.39%
2024–25	94.80%

Progress: Increased from **89.50% → 94.80%** over three years.

2. M.Sc Medical & Life Sciences

Academic Year	Graduation Rate (Low-Income Students)
2022–23	97.80%
2023–24	100%
2024–25	100% (maintained)

Progress: Sustained high performance with full completion from **2023–24** onward.

3. BBA Program

Academic Year	Graduation Rate (Low-Income Students)
2022–23	68%
2023–24	91.3%
2024–25	92%

Progress: Dramatic improvement from **68% → 91.3% → 92%** (Overall rise of **24 percentage points** over two years).

4. MBA – Pharmacy Administration

Academic Year	Graduation Rate (Low-Income Students)
2022–23	72%
2023–24	85%
2024–25	90%

Progress: Strong upward trend from **72% → 90%**, supported by targeted mentoring, academic tracking, and financial support.

The year-on-year quantitative improvements across all programs—particularly the substantial jump in the **BBA (68% to 92%)** and **MBA Pharmacy Administration (72% to 90%)**—clearly demonstrate that:

- **JSS AHER sets structured and measurable completion targets** for students in the **bottom 20% income group**,
- and **consistently enhances** graduation rates through targeted academic, financial, and mentoring interventions.

To facilitate this attainment the institution has the following mechanisms in place:

1. **Number of need-based scholarships awarded**

<https://jssuni.edu.in/jssaher/jssaher-academics/student-scholarship-info.html>

Proportion of students receiving financial aid to attend College & University because of poverty.

Retention support initiatives

Bridge / Induction & Value-Added Programmes

- **Holistic Wellness Program** — value-added modules promoting health literacy and student well-being (listed under certificate programs).
- **Tobacco Counselling Training Module** — short value-added course for health students focused on tobacco cessation counselling.
- **Value-Added Certificate Course to House Surgeons** — practice-oriented certification for clinical trainees.
- **Combined Cognitive Dental Ergonomics (CCDE)** — certificate course for undergraduate and postgraduate dental students (ergonomics & workplace safety).
- **Tools & Techniques in Transcriptomics** — value-added programme delivered by the School of Life Sciences (hands-on techniques, 2022–23).
- **Primary Care Volunteer for Psychiatric Services (Value-Added Course)** — launched by the Department of Psychiatry (Feb 2025) to strengthen community mental-health outreach skills.
- **Yoga Instructor Certificate Course (Online)** — an online certificate offered through the Centre for Online Education.
- **Certificate Courses such as ‘Principles of Clinical Pharmacology’ and other department-led short courses** — departmental certificates and skill-based courses for enhanced employability.

Many value-added courses are offered at entry or early semesters to bridge knowledge gaps (basic lab skills, study skills, domain fundamentals). Clinical/skill certificate courses and vocational modules improve confidence and employability — motivating continuation and on-time graduation. Departments schedule remedial tutorials and supplementary practical sessions aligned with these value-added offerings to help students who are academically at risk.

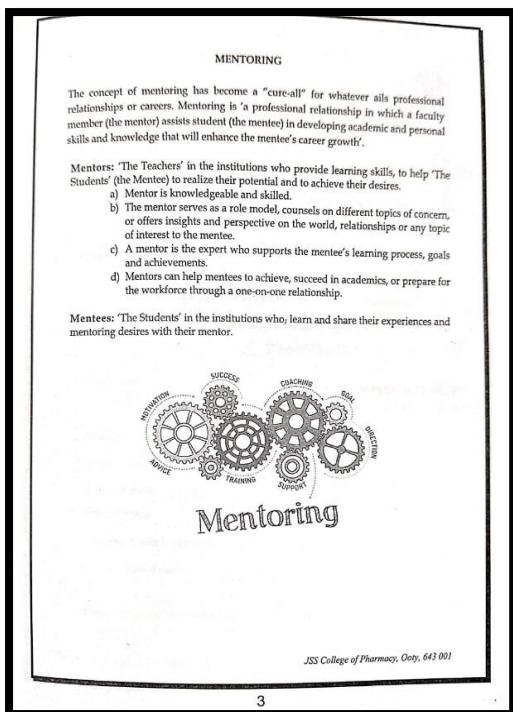

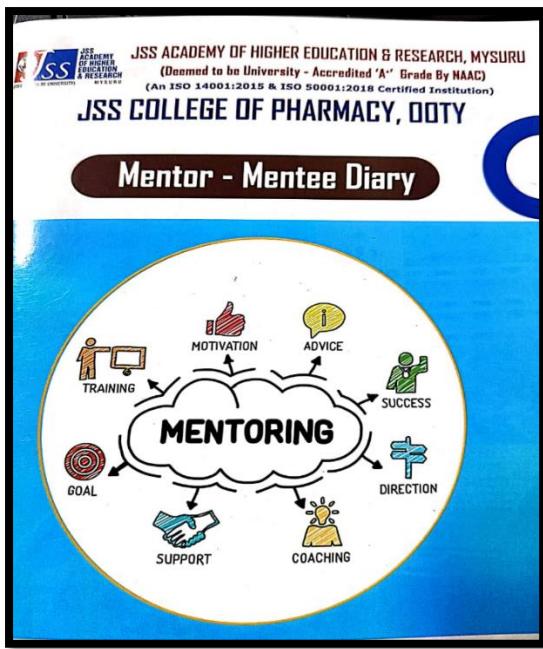

Remedial Coaching, Peer Tutoring & Academic Skills Workshops (how JSS AHER implements them)

- **Remedial & Foundation Classes:** Departments run scheduled remedial classes (theory and practical) for students identified by internal assessments and early-alert systems. These classes focus on core science/math/communication competencies that first-generation and low-income students often need.
- **Peer Tutoring / Buddy Mentoring:** Senior students and trained peer tutors are paired with new entrants to provide academic help, lab orientation and campus navigation. Peer mentors also support attendance and study-habit formation.
- **Supplementary Tutorials for Difficult Subjects:** Departments organize targeted tutorials prior to internal and university exams for subjects with historically lower pass rates.
- **Academic Skills Workshops:** Regular workshops on study techniques, time management, note-making, examination strategies and presentation skills are run under the IQAC and department mandates

Mentoring logs

<https://jssuni.edu.in/jssaher/jssaher-ipecp/ipecp-home.html>

1. Each student is assigned a faculty mentor who provides academic guidance, personal counselling, and career support.
2. Mentors identify at-risk students early and connect them to financial aid, book donations, poor child education funds, and other institutional support programs.
3. Students also receive health benefits such as health cards for JSS Hospital, free health camps, and health insurance coverage.
4. These measures collectively improve student retention and enable successful completion of studies, directly addressing on supporting low-income groups for equitable education access.

Learning Management System (LMS) — anytime learning & digital support

Platform & accreditation:

JSS AHER's Centre for Online Education / OEP delivers blended and fully online learning through a UGC-approved LMS. The university's e-learning ecosystem has received external validation (QS I-GAUGE e-LEAD / e-learning recognition) and the OEP describes

a technically supported LMS that provides seamless access to learning resources.
jssuni.edu.in+1

LMS features & how it supports retention:

- **URL / access:** The institutional LMS is reachable at <https://www.jssaher.enhanzed.com/> (student FAQ & technical support are published by the OEP).
- **Anytime access to course materials:** Syllabus, lecture recordings, slide decks and reading lists are available 24x7 so students who must work, commute, or miss classes for socio-economic reasons can catch up.
- **Assessment & feedback:** Online quizzes, assignment submission and automated assessments allow frequent low-stakes testing and rapid feedback — useful for identifying students needing remedial help.
- **Scalability & reliability:** The LMS implementation (partner case studies referenced by the vendor) supports thousands of concurrent users and high volumes of assessments — enabling college-wide remedial modules and certificate offerings.
- **Learning analytics & early-alert capability:** The platform captures access logs, assessment scores and engagement metrics which IQAC and departments can use to trigger mentor outreach and remedial enrollment. (Platform capability noted in OEP and vendor materials.)

Career Readiness Support Services

Workshops on resume building, interview skills, and networking prepare students for success in the workforce.

<https://jssuni.edu.in/jssaher/jssaher-placement-cell/activities.html>

- In addition to academic support, JSS AHER offers a variety of capability enhancement and skill development programs to empower students:
 - Soft Skills Development: Training in interpersonal skills, teamwork, and effective communication.
 - Language and Communication Skill Development: Programs to improve proficiency in English and other languages.
 - Yoga and Wellness: Initiatives to promote physical and mental well-being.
 - Analytical Skill Development: Workshops to foster critical thinking and problem-solving abilities.

- **Human Value Development:** Programs instilling ethical values, empathy, and social responsibility.
- **Personality and Professional Development:** Guidance to build self-confidence, leadership, and professionalism.

The screenshot shows the 'Activities' section of the JSS University website. The sidebar on the left lists categories such as Campus Interview, Internship Placement, Experts / Company Visit, Soft Skills Development Training, Career Counseling (Awareness Programs), Entrepreneurship Development Program, Higher Studies Orientation, and Career Advisor Sessions. The main content area displays three recent activities with images and brief descriptions:

- Campus Interview**: A group photo of participants.
- POOLED CAMPUS DRIVE BY ACCENTURE**: A group photo of participants.
- Campus Recruitment Drive KDC Dental Group**: A group photo of participants.

Sub: Mentorship programme for B.Sc., BMS students of 2023-24 batch.

Teaching Staff of JSS Medical College are hereby requested to note the distribution of B.Sc., BMS students of the 2023-24 batch for the Mentorship programme.

The Teaching Staff of Pre-Clinical Subjects are requested to undertake the following measures for the effective implementation of the Mentorship programme for the students to make them more punctual.

Please note the following guidelines for the effective implementation of the mentorship programme.

- Telephonic communication with the concerned student's parent at least once a month.
- Personal meeting with the parents of the concerned student's at least once in 2 months for the first six months and once in six months thereafter.
- To obtain the signature of the student with the date and time in the Mentorship Book whenever the concerned students are called by the Mentor for discussion.

Mentors can also communicate with parents either through Phone, WhatsApp or any other social media platforms.

For further clarification, always feel free to contact the Principal/ Vice Principal in this regard.

To, concerned Mentors
