## Action Taken Report on Feedback Analysis

### For the academic year 2021-22

Sl No	Stakeholder	Feedback	Action taken
1	Students	Improve the hostel facility with provision for single and double occupancy rooms	The matter is under consideration. Provisions for single and double occupancy rooms are being made available in new blocks of the hostels under construction.
2	Students and alumni	Improve clinical materials in the hospital	As the COVID-19 pandemic has disrupted the health care system, the clinical load in the hospital is also affected to a limited extent. All the efforts are being made to improve the clinical load in the hospital to match with pre pandemic period.
3	Students and alumni	Enhance sports facilities including stadium	Matter has been forwarded to the authorities and are under consideration
4	Students, parents, and alumni	Improve the quality of food in the hostel	All the efforts in place for improving the food in the hostel catering to the regional diversity of the students
5	Teachers	Conduct training sessions on assessment techniques with larger emphasis on competency-based assessment	The Medical Education Unit has been instructed to conduct competency-based assessment training sessions for the faculty. MEU has incorporated these sessions in their basic course workshops and curriculum implementation support programs

### Action Taken Report on Feedback Analysis For the academic year 2021-22

SI No	Stakeholder	Feedback	Action taken
1.	Students	Should conduct quizzes, allow everyone to speak up about their without any fear, should be not just attendance but also the effort being put into the Paper etc.	Noted and instructed all the concerned department staff to be more interactive
2	Alumni	Basic subjects must be emphasized, and students must be given quality time to understand basic concepts. Early exposure to practical's without the knowledge of fundamentals may lead to mediocre doctors and may decrease the standard of our profession.	Implemented
3	Students/ parents	Using an online landline platform, is it possible to upload or update details on my child's attendance, including absence?	JSS provides online platform which provides the attendance of every student and can be accessed using online portal
4	Teachers	Digitalized images, improvements in the department app to make it more accessible to students.	Self-directed learning, clinical snippets and vedio lectures, stimulation-based learning must be adopted in CBDE

**Action Taken Report on Feedback Analysis**  
**For the Academic Year 2021-22**

<b>FEEDBACK</b>	<b>OBSERVATION</b>	<b>RECOMMENDATION</b>	<b>ACTION TAKEN</b>
<b>Student's feedback on Curriculum</b>	The score of all individual criterion is above 4.2 and no specific observation were made. However, students skipped industrial visits/ training owing to Covid 19 pandemic, which need to be addressed.	Virtual tour or online exposure to industrial environment can be made available.	AR-VR industrial modules can be procured and installed in the institute to provide virtual training to the students.
<b>Subject expert's feedback on Curriculum (Examiner)</b>	The score of all individual criterion is above 4.0. Recommendation to offer more value-added courses were made.	New values added program can be planned.	Value added programs focusing on technological advancements were planned to be implemented in next session.
<b>Alumni's feedback on Curriculum</b>	Alumni meet was conducted online, hence feedback on curriculum was not collected.	Nil	Nil
<b>Teacher's feedback on Curriculum</b>	The score of all individual criterion is above 4.0. Technological advancement should be taught to meet the expectation from industrial partners.	Online diploma courses and value-added programs can be offered.	Value added program on Clinical research, Pharmacovigilance, LC/GC and genome mining tools will be offered in due course.

**JSS COLLEGE OF PHARMACY**  
(Constituent College)  
**JSS ACADEMY OF HIGHER EDUCATION & RESEARCH**  
**MYSURU**  
(Deemed to be University)  
Accredited 'A+' Grade by NAAC

<b>Employer's feedback on Curriculum</b>	The score of all individual criterion is above 4.0. There is a need of industrial collaboration to offer some joint course to enhance employability and skill improvement for mutual benefit of students as well as industrial professionals	A collaborative effort with industrial partner to offer online course in regulatory science can be made.	A joint online course in regulatory science in collaboration with Biocon Academy can be proposed.

**ACTION TAKEN REPORT ON FEEDBACK ANALYSIS**

**For academic year 2021-22**

Sl. No.	Respondent	Feedback	Action Taken
1.	Students	Geater access to research opportunities and mentorship early in the academic career's proper guidance and professional development.	Expanded the mentorship programs by connecting students with faculty and industry professionals from their first year. Increased the number of available positions in faculty research projects, ensuring that more students can gain hands-on research experience.
2.	Teachers	Graduates are not preparing well for the modern challenges like latest advancements in the life science technologies.	Necessary steps have taken for proper review and update of curriculum annually and workshops with industrial experts have conducted.
3.	Alumni	More post-graduate courses and certificate programs that can help them keep up-to-date with advancements in the life sciences may be introduced.	Introduced new courses in the existing curriculum and also certificate course and value added programs have introduced.
4.	Employer	Offer professional development programs to enhance students' soft skills like communication, teamwork, and leadership. These include workshops, seminars, and mentoring to complement academic learning with practical skill-building.	Implemented professional development programs to enhance students' soft skills, such as communication, teamwork, and leadership
5.	Parents	Children are interested in participating in research, opportunities seem limited, especially for undergraduates.	Several new initiatives to involve undergraduate students in ongoing research projects. This includes a summer research fellowship program that pairs students with faculty mentors.
