

## E-Poster Presentations

NPNG-2025 welcomes abstracts of the original findings covering the following thrust areas. The last date for the abstract submission is on or before 12<sup>th</sup> January 2025.

- Pharmacognosy & Phytochemistry
- Medicinal Chemistry
- Natural Products
- Clinical Research & Pharmacy Practice
- Biotechnology & Biotherapeutics
- Pharmaceuticals & Formulations
- Neurosciences & Neurogenetics
- Pharmaceutical Analysis & Quality Assurance
- Artificial Intelligence & Bioinformatics

The abstract shall comprise of the Title, followed by author names, affiliation, introduction, aim & objectives, methods, results, conclusion. Times New Roman (12 font size), 250-300 Words. The abstract and all queries related to the abstract should be mailed to cpochem1@jssuni.edu.in

The presenting author must be a registered delegate of the conference. One registered delegate can submit only one abstract as first author. The maximum number of co-authors are two.

## Registration

Registration is mandatory to attend the scientific sessions and e-poster presentation. The registration fee is Rs. 1200/- (Incl. GST) per delegate which also includes Conference Kit, Lunch and Refreshments for two days.

**ACCOUNT NAME** : JSSCP SEMINAR A/C  
**ACCOUNT NO** : 4390000100144099  
**IFSC CODE** : PUNB0439000  
**BANK NAME** : PUNJAB NATIONAL BANK  
**BRANCH NAME** : OOTACAMUND  
**BRANCH ADDRESS** : WALSHAM ROAD, OOTY

## Two days National Conference on “Neuropharmacology & Neurogenetics”

# NPNG-2025

7-8<sup>th</sup> Feb, 2025

## JSS Academy of Higher Education & Research (JSS AHER), Mysuru

JSS Academy of Higher Education & Research is a distinguished Deemed-to-be-University in Mysuru, Karnataka. Established in 2008 under section 3 of the UGC Act 1956. Recognized by the Ministry of Human Resource Development (MHRD), Govt. of India and adorned with an 'A++' Grade (3.61 CGPA) accreditation by NAAC, JSS AHER attained the prestigious category-1 Deemed-to-be-University status from the UGC in 2018. Since its inception, the University has been dedicated to teaching, research and healthcare services.

## JSS College of Pharmacy, Rocklands, Ooty

Founded in 1980 with D. Pharmacy Program. JSS College of Pharmacy, Ooty, has evolved into a vital constituent College of JSS AHER, Mysuru, in 2008. Today, it is premier institution offering a spectrum of academic programs, including D.Pharm., B.Pharm., M.Pharm.,(10 Specializations), Pharm D., Pharm D (PB), Ph.D. The institution's commitment to academic excellence is further emphasized through additional PG diploma/certificate courses to enhance interdisciplinary knowledge. The College prioritizes collaboration over competition, evident in its numerous National/International Memorandams of Understanding (MoUs) facilitating faculty/student exchange programs, consultancy, training programmes and more.

## About the Conference

Neuropharmacology is the study of how drugs affect the brain. Molecular neuropharmacology and behavioral neuropharmacology are the two main branches of neuropharmacology. Neurochemical interactions have the ability to advance neuropharmacology research. In pharmacotherapeutic management, drugs that interfere in chemical synapses modulate CNS neuro-transmission. It is amazing how genes and molecules link to brain and CNS disorders. Many researchers work in the field of behavioural neural genetics because it understands the characteristics of neuro disorders and uses cutting-edge techniques. To prove the concerns surrounding neurogenetics, solid statistical analyses and logical interpretation are required. The effect of a drug on the nervous system and the neural pathways by which they affect behaviour is studied in neuropharmacology. Researchers may be able to create medications to treat neurological conditions, psychiatric disorders, pain, addiction, and other diseases by studying these experiences. Neurogenetics is concerned with molecular biology and genetics developments, as well as the relationship between genes, actions, the brain, and neurological disorders. It is a term used to describe a group of genetic disorders that affect the brain and nerves. This conference seeks to be a visionary gathering to bring together pharmaceutical researchers and the participants to explore innovative approaches in neuropharmacology and neurogenetics.

## Key Highlights

- Eight Keynote Sessions
- Scientific Presentation Awards
- Panel Discussion Session
- Networking Opportunities
- E-poster Presentations

### Who Shall Attend

- Academicians and Educators
- Students and Emerging Professionals
- Pharmaceutical Researchers and Scientists
- Industry Professionals
- Professional from related disciplines
- Healthcare Professionals and Policy Makers
- Entrepreneurs and Innovators

### Why to Attend

- To learn latest advancements and discoveries in the field of neuroscience
- To connect with researchers, experts and peers to forge collaborations.
- To present research findings and receive feedback from experts
- To gain insights from experts representing diverse regions and perspectives
- To stay updated on latest pharmaceutical trends, research practice and innovations.

## Speakers

**Dr. Phalguni Anand Alladi**  
Scientist F, Dept. of Clinical Psychopharmacology & Neurotoxicology, NIMHANS, Bengaluru

**Dr. Ravikumar Muttineni**  
Founder & CSO, Immunocure, Hyderabad

**Dr. Ramanathan M**  
Professor and Principal  
PSG College of Pharmacy, Coimbatore

**Dr. T K Praveen**  
Professor & Head, Department of Pharmacology  
JSS College of Pharmacy, Ooty

**Dr. Somasundaram Arumugam**  
Assistant Professor of Pharmacology and Toxicology NIPER, Kolkata

**Dr. Shanish Antony A**  
Associate Professor of Pharmacology,  
Dept. of Pharmaceutical Sciences,  
Govt. Medical College, Kottayam, Kerala

**Dr. N Jawahar**  
Associate Professor  
Department of Pharmaceutics  
JSS College of Pharmacy, Ooty

**Dr. K P Arun**  
Associate Professor & Vice Principal  
JSS College of Pharmacy, Ooty
