A total of six editions of Spektrum wall magazine were released from October 2016 to March 2017. We had proposed an ideology of theme based magazine for every edition and team discussed in prior to the overall design of every edition. The students showcased their talents in putting the display of articles, facts, paintings, interviews in the pre-designed layout according to the theme chosen for that edition.

The maiden edition of the team-Oxygen was released by Dr. S. Balasubramanian, Director- Research, JSSU- Mysuru. The maiden edition of team- Krypton was released by Dr. S.P Dhanabal, Principal, JSSCP-Ooty. The popular landmarks in the world history ranging from literature, fiction, festival and current affairs were depicted as themes in the entire editions. Naming few are the fictional magical world of '*Harry Potter*', popular windows operating system- *Windows Xp*, Festivities of *Christmas & Pongal*, animated movie series- *Minions*, *World map* with the rollback of the events are among the themes which were showcased in the boards. All the editions of Spektrum were appreciated by the staff and students of the institution. In addition, Spektrum was also active on social media of *Facebook* to encourage the social active students. The editions were also assessed by external teaching faculty and both the teams were given comments on improving the magazine edition.

With the reincarnation of the Spektrum, the direction of the college wall magazine was to bring about a healthy competition among the students to work in a team. This will certainly be an added benefit for them to work on a team-based scenario in their future career. It was also to be noted the Spektrum brought about an ingenuity and creativity in nurturing the talents of students which will definitely be an outstanding personal credit to them. On behalf of the team, I sincerely thank the staff and management of our college and university for their constant support and encouragement. I really hope that the road map set by this student team will be a model path to promote and encourage the staffs & students to contribute and make *Spektrum* as the best college wall magazine in future National Level competitions in the forthcoming years.
