MEMORANDUM OF UNDERSTANDING

M/s. Shree Consultants, No. 724, SVM Complex, First Floor, Ramanuja Road, Mysore 570004 herein referred as First party and **The Principal, JSS Dental College And Hospital, Shivarathreshwara Nagar, Mysuru-570015**, herein referred to as Second Party hereby agree and come to the Memorandum of Understanding on 1st of Jan 2019 as detailed below.

Principal
J.S.S. Dental College & Hospital
Mysore-570 015

Statutory Alert:

1. The authenticity of the Stamp Certificate should be verified at "www.shcilestamp.com". Any discrepancy in the details on this Certificate and as available on the website renders it invalid.
2. The onus of checking the legitimacy is on the users of the certificate.
3. In case of any discrepancy please inform the Competent Authority.

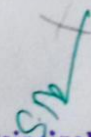

Responsibilities of the Service Provider:

1. Will have Consent from Karnataka State Pollution Control Board for Common treatment facility for Bio-Medical waste at Sl. No. 25, Varuna Village, Mysore District, Mysore.
2. The First Party is aware with the rules and regulations imposed by the Karnataka State Pollution Control Board.
3. It is the responsibility of the first party to collect and transport the segregated waste from the identified location of second party.
4. Segregated waste will be transported in closed containers/vehicles.
5. The first party **will not collect** any kind of liquid waste or fluid filled bottles/containers/paper waste/food waste items etc.
6. It is responsibility of the first party to see that the collected waste is treated and disposed off by appropriate scientific manner in accordance with the KSPCB norms.
7. The first party will take appropriate measures to ensure safety to the environment.
8. The first party has the right to reject the un-segregated waste.
9. For any amputated parts and abortions / termination of pregnancy due to medical reasons, the second party will give Shree Consultants a letter, to be signed by its duly authorized representative, giving the patient's name, age and reason for amputation as required under the pollution control Board' regulations.

Responsibilities of the Second party:

1. The second party will obtain the authorization from Karnataka State Pollution Control Board. It is the responsibility of the second party to segregate the waste properly as per the Gazette Notification.
2. It is the responsibility of the second party to use colour coded bags as prescribed in the Gazette Notification.
3. The second party has to indicate in the trip sheet total number of waste filled colour coded bags handed over to the representative of the first party and acknowledge the trip sheet duly filled. The colour coded waste filled bags should be tied securely before handing it over to the representative of the first party.
4. The segregated waste filled bags should be handed over to the representative of the first party at the identified location of the second party's premises.
5. Any lapse in the service to be intimated within 7days from that particular day.
6. The second party should get the mou renewed on expiry of the same.
7. The service may be stopped for nonpayment of continuous 3 months.

Principal
J.S.S. Dental College & Hospital

TERMS AND CONDITIONS OF AUTHORIZATION

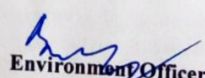

1. The applicant shall comply with the provisions of the Environment (Protection) Act, 1986 and the rules made there under.
2. The authorization or its renewal shall be produced for inspection at the request of an officer authorized by the Board.
3. The person authorized shall not rent, lend, sell, transfer or otherwise transport the biomedical wastes without obtaining prior permission of the Board.
4. Any unauthorized change in personnel, equipment or working conditions as mentioned in the application by the person authorized shall constitute a breach of his authorization.
5. It is the duty of the authorized person to take prior permission of the Board to close down the facility and such other terms and conditions may be stipulated by the Board.
6. The applicant shall submit Annual report in Form – IV on or before 30th June every year for the period from January to December of the preceding year
7. The applicant shall take all necessary steps to ensure that Bio-medical waste is handled without any adverse effect to human health and the environment and in accordance with rules.
8. The applicant shall make a provision within the premises for a safe, ventilated and secured location for storage of segregated biomedical waste in colored bags or containers in the manner as specified in Schedule - I, to ensure that there shall be no secondary handling, pilferage of recyclables or inadvertent scattering or spillage by animals and the bio-medical waste from such place or premises shall be directly transported in the manner as prescribed in rules to the common bio-medical waste treatment facility or for the appropriate treatment and disposal, as the case may be, in the manner as prescribed in Schedule I.
9. The applicant shall pre-treat the laboratory waste, microbiological waste, blood samples and blood bags through disinfection or sterilization on-site in the manner as prescribed by the World Health Organization (WHO) or National AIDs Control Organization (NACO) guidelines and then sent to the common bio-medical waste treatment facility for final disposal;
10. The applicant shall phase out use of chlorinated plastic bags, gloves and blood bags within two years from the date of notification of these rules;
11. The applicant shall dispose of solid waste other than bio-medical waste in accordance with the provisions of respective waste management rules made under the relevant laws and amended from time to time
12. The applicant shall provide training to all its health care workers and others, involved in handling of bio medical waste at the time of induction and thereafter at least once every year and the details of training programmes conducted, number of personnel trained and number of personnel not undergone any training shall be provided in the Annual Report.
13. The applicant shall immunize all its health care workers and others, involved in handling of bio-medical waste for protection against diseases including Hepatitis B and Tetanus that are likely to be transmitted by handling of bio-medical waste, in the manner as prescribed in the National Immunization Policy or the guidelines of the Ministry of Health and Family Welfare issued from time to time.
14. The applicant shall establish a Bar- Code System for bags or containers containing bio-medical waste to be sent out of the premises or place for any purpose within one year from the date of the notification of these rules;
15. The applicant shall ensure segregation of liquid chemical waste at source and ensure pre-treatment or neutralization prior to mixing with other effluent generated from health care facilities;
16. The applicant shall ensure treatment and disposal of liquid waste in accordance with the Water (Prevention and Control of Pollution) Act, 1974 (6 of 1974)
17. The applicant shall ensure occupational safety of all its health care workers and others involved in handling of biomedical waste by providing appropriate and adequate personal protective equipments;
18. The applicant Shall conduct health check up at the time of induction and at least once in a year for all its health care workers and others involved in handling of bio- medical waste and maintain the records for the same;
19. The applicant shall maintain and update on day to day basis the bio-medical waste management register and display the monthly record on its website according to the bio-medical waste generated in terms of category and colour coding as specified in Schedule I;
20. The applicant shall report major accidents including accidents caused by fire hazards, blasts during handling of biomedical waste and the remedial action taken and the records relevant thereto, (including nil report) in Form I to the prescribed authority and also along with the annual report to Regional Office Mysuru(Urban)..
21. The applicant shall make available the annual report on its web-site and all the health care facilities shall make own website within two years from the date of notification of these rules.

22. The applicant shall establish a system to review and monitor the activities related to bio-medical waste management, either through an existing committee or by forming a new committee and the Committee shall meet once in every six months and the record of the minutes of the meetings of this committee shall be submitted along with the annual report to the prescribed authority and the healthcare establishments having less than thirty beds shall designate a qualified person to review and monitor the activities relating to bio-medical waste management within that establishment and submit the annual report.
23. The applicant shall inform the prescribed authority immediately in case the operator of a facility does not collect the bio-medical waste within the intended time or as per the agreed time.
24. The applicant shall establish a system to review and monitor the activities related to bio-medical waste management, either through an existing committee or by forming a new committee and the Committee shall meet once in every six months and the record of the minutes of the meetings of this committee shall be submitted along with the annual report to the prescribed authority and the health care establishments having less than thirty beds shall designate a qualified person to review and monitor the activities relating to bio-medical waste management within that establishment and submit the annual report.

Environment Officer
RO-1 Mysuru (Urban)

GENERAL CONDITIONS

- I. **TREATMENT AND DISPOSAL**
 - a. The applicant shall ensure that the Bio-medical waste shall be treated and disposed of in accordance with Schedule I, and in compliance with the standards provided in Schedule-II
 - b. The applicant shall hand over segregated waste as per the Schedule-I to common bio-medical waste treatment facility for treatment, processing and final disposal: Provided that the lab and highly infectious bio-medical waste generated shall be pre-treated by equipment like autoclave or microwave.
 - c. The applicant intending to use new technologies for treatment of bio medical waste other than those listed in Schedule I shall request the Central Government for laying down the standards or operating parameters.
 - d. The applicant shall phase out use of non-chlorinated plastic bags within two years from the date of publication of these rules and after two years from such publication of these rules, the chlorinated plastic bags shall not be used for storing and transporting of bio-medical waste and the occupier shall not dispose of such plastics by incineration and the bags used for storing and transporting biomedical waste shall be in compliance with the Bureau of Indian Standards. Till the Standards are published, the carry bags shall be as per the Plastic Waste Management Rules, 2011.
 - e. The applicant shall maintain a record of recyclable wastes referred to in sub-rule (9) which are auctioned or sold and the same shall be submitted to the prescribed authority as part of its annual report. The record shall be open for inspection by the prescribed authorities.
 - f. The applicant shall handle and dispose all the Mercury and lead wastes in accordance with the respective rules and regulations.
