NAAC & IQAC

National Assessment and Accreditation Council (NAAC) in pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality up-gradation of institutions, suggests creation of IQAC.

Internal Quality Assurance Cell (**IQAC**) is a post-accreditation **quality sustenance measure**. Since quality enhancement is a continuous process, the IQAC will become a **part of the institution's system** and work towards realisation of the goals of quality enhancement and sustenance. The prime task of the IQAC is to **develop a system** for conscious, consistent and catalytic improvement in the overall performance of our institution. It will channelize all efforts and measures of the institution towards promoting its **holistic academic excellence**. The work of the IQAC is the first step towards **internalization and institutionalization** of quality enhancement initiatives. Its success depends upon the **sense of belongingness** and participation it can inculcate in all the constituents of the institution. It will **not** be yet another hierarchical structure or a record-keeping exercise in the institution.

It will be a **facilitative and participative voluntary** system/unit/organ of the institution.

Objectives:

- ♦ To develop a system for conscious, consistent and catalytic action to improve the **academic and administrative performance** of the institution.
- ♦ To promote measures for institutional functioning towards **quality enhancement** through internalization of quality culture and institutionalization of best practices.

Core Values

JSS Academy of Higher Education and Research will continue to be guided by the legacy and sustaining principles of Sri Suttur Math and the JSS Mahavidyapeetha through:

Ethical Standards - Meeting the highest ethical standards of professionalism to achieve excellence in academic and research activities supporting health and environment, thus benefiting society.

Mutual Respect - Affirming and protecting the rights, dignity and integrity of each member of diverse community by embracing the social, ecological and economic impact.

Student Centric - Fostering a student-centric environment and providing student centred, interdisciplinary, multidisciplinary, collaborative, innovative program leading to professional excellence.

Responsiveness - Serving the needs of the society and 'Touching the lives of millions' through community care and outreach programs.

JSSU ONLINE PORTAL FOR STAFF, STUDENTS AND PARENTS

JSSU Online Framework is envisaged to continuously evolve under a strategic operating model fulfilling many aspects of our University requirements in its quest to achieve excellence. It is expected that this portal enables the streamlining both academic and administrative processes of the University.

The JSSU online portal has a login for staff, students and parents.

The portal can be accessed at www.jssuonline.com. Please select the login type and enter your username and password. The username and password will be sent to you on your mail ID. Kindly contact the IT department for any queries.

For students:

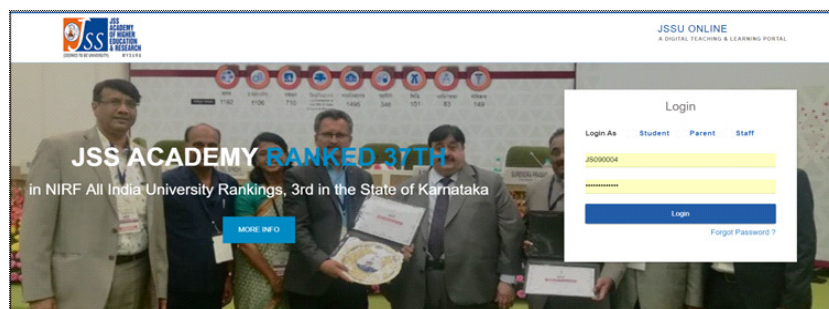

- Students would be able to view their attendance, internal Assessment marks and important communications from the college and University.
- It will also serve as a one site portal for all your educational needs as online teaching learning resources will be provided.
- The portal also will be utilized for online student formative assessment.
- The students and parents will be paired to the respective mentor who will monitor the progress of your ward at JSS University.

For Parents:

- Can access the attendance, internal assessment and progress of their ward regularly.
- Can communicate with mentors to work towards progress of their children.

With this we hope to bring a tremendous change in the student experience at the University and look for the way forward with your support in this direction.

Wish you a happy browsing experience through JSSUONLINE

STUDENT RESEARCH AND EXTENSION ACTIVITIES

The JSS AHE&R encourages and promotes research activities by students extensively. Various opportunities extended by medical college as below.

1. The Indian Council of Medical Research(ICMR) initiated the Short Term Studentship(STS) Program in order to promote interest and aptitude for research among medical undergraduates. The main objective of this program is to provide an opportunity to undergraduate medical students to familiarize themselves with research methodology and techniques by being associated for a short duration with their seniors on ongoing research program or by undertaking independent projects. This may serve as an incentive for them to take up research as a career in the future. The Guide/ Institution must provide the student with all facilities (kits, reagents & other requirements) for carrying out research. The value of the studentship will be Rs. 5,000/- per month for 2 months' duration (Rs. 10,000/- only) and is meant to be a stipend for the student. This is paid only after completion of research and approval of final report. Costs of research must be borne by Institution/ Medical College where research is conducted. A certificate will be issued and posted to the Principal's office after 6-8 months of completion of research.

(Note: The projects not sanctioned by ICMR can be applied to JSS AHE&R for financial assistance and further consideration.)

2. JSS AHE&R grants

3. Assistance to attend and present in conference, seminars, workshops and literary events
4. Intra and intercollege educational events

Interested students can seek assistance from **Literary Committee and Student Research Cell of JSS Medical College** and proceed as per guidelines and regulations

MEDICAL EDUCATION UNIT

Medical Education Unit of JSS Medical College works under the aegis of Centre for Continuous Learning for Professional Excellence (CCLPE) of JSS University. Regularly programmes are organised to train, upgrade and facilitate student and faculty learning. Research in education technologies has been routinely conducted by the unit to adapt with the current needs of medical education. The MEU has successfully developed and implemented a horizontal integrated curriculum for the 1st year of MBBS course. It has been well received by both the staff and students. As a Medical curriculum is undergoing reforms towards competency based education, MEU has been working towards integration of basic and clinical sciences, professional development, problem-based and self-directed learning. Mentorship programme and feedback system endorses the beneficial learning at institution. The emphasis is imparted on information technology to enhance learning and community-based initiatives.

CALENDAR OF EVENTS FOR CONDUCT OF NSS ACTIVITIES

The National Service Scheme (NSS) is an Indian government-sponsored public service program conducted by the Department of Youth Affairs and Sports of the Government of India. Popularly known as NSS, the scheme was launched in Gandhiji's Centenary year, 1969. Aimed at developing student's personality through community service, NSS is a voluntary association of young people in Colleges, Universities and at +2 levels working for a campus-community linkage. The cardinal principle of the NSS programme is that it is organised by the students themselves, and both students and teachers through their combined participation in community service, get a sense of involvement in the tasks of nation building. The NSS unit of JSS Medical College plans to organize the regular and special activities of NSS unit of JSS Medical College as scheduled below.
