

Oculus Iuris

Oculus Iuris, established three years ago, is the Forensic Medicine and Toxicology club of JSS Medical College, dedicated to exploring medicine through the lens of law. Staying true to its name—“with the eyes of law”—the club aims to cultivate medico-legal awareness among MBBS students by blending academics with real-world forensic application.

Over the years, Oculus Iuris has conducted several impactful initiatives, including an Activists' Marathon to raise awareness about sexual assault, self-defence workshops for women, and forensic movie screenings such as American Psycho and Shutter Island, followed by analytical discussions. Creative learning has been encouraged through events like Artopsy, featuring fingerprint art and simulation of injuries, and an interactive escape room during Tatvam. The club has also promoted academic discourse by sending student representatives to Father Muller Medical College, Mangalore, for intercollegiate debates.

The club is led by President Mridusmita Hazarika, with Tamanna Gupta and Rayna Gupta as Vice Presidents. Sana Chopra serves as General Secretary with Anika Bombwal as Faculty Coordinator. Sanyam Nagori heads Logistics and Public Relations, Shreya Malige is the Social Media Head, Subhi Gupta the Design Head, and Maanya Gupta, Arunam Anand, and Aditi Panda serve as Batch Representatives.

Oculus Iuris continues to spark curiosity, critical thinking, and responsibility in the field of forensic medicine among the students.
